

Port Kobe

31<sup>st</sup> March 1915

This is to Certify that

A. L. Jones

undersigned Surveyor to this Society did at the request of  
Messrs The Kobe Steel Works

Examine their Works at Dakinohama for the purpose of

inspecting during the process of forging, machining & finishing  
& witnessing the tensile & bend tests of four steel built  
Crank shafts 11½ ins diam & 39 ins. stroke

On the order of Messrs The Osaka Iron Works

and intended for the Steamer Yard No 883 being built at their yard.

The shafts were found as far as could be

ascertained, sound and free from defects and ~~was~~ were stamped as under.

Mark on Crank shafts:-
