

8th April, 1916.

Sir,

I have to confirm the following cable received yesterday :- "Two fifty two freeboard report not received forward copy," to which I replied, from the Mitsubishi Works, yesterday forenoon :- "Two fifty two forwarding copy freeboard report, press copy posted nineteenth February."

As the Certificate of Test of Boilers for No. 252 was posted in the same envelope as the Freeboard Report, I now enclose another Certificate for signature.

I am, Sir,

Your obedient servant,

A. D. Williamson

The Secretary,

London.
