11th June, 1947.

Dear Sir,

"ISLAND COMMANDER".

With reference to your letter of the 28th ultimo I wish to advise you that the contents of your letter of the 31st March last were transmitted to the Vancouver Surveyors.

In reply the Vancouver Surveyors state that the above mentioned Tug has recently been withdrawn from classification at the Owner's request, and that the Owner now considers that a Load Line is not necessary for their trade but have asked the Dominion Steamship Inspectors for a ruling on the matter and they will probably request us to drop the freeboard assignment.

The Vancouver Surveyors also state that they will advise me in due course of any further developments in the case.

I am, Dear Sir,

Yours faithfully,

Principal Surveyor.  
U.S.A. & Canada.

The Secretary,  
LONDON.
