Dear Sir,

With reference to Vancouver Load Line Renewal Survey on the M.S. "ISLAND COMMANDER", I shall be glad if you will inform the Surveyors that before a new Load Line Certificate, valid for the full period of four years, can be issued, it will be necessary for a full condition survey to be held, and a Rpt. 8 forwarded to this Office. For this survey, in addition to the docking already reported, the bunkers will require to be cleared and the timbers, ceilings and stoke hold plates lifted to enable the floors and framing to be examined.

If the full survey is not held Certificates can only be issued for six months following the General Examination.

Yours faithfully,

pro Secretary.

The Principal Surveyor,
NEW YORK.
