Single Screw Motor Ship No. 285 proposed to be built by Messrs. Harima Shipbuilding & Engineering Co., Ltd., with a view to class 100A1 "With freeboard". Owners - Kokusai Kisen Kabushiki Kaisha.

-----

Rule Dimensions: 450.24 x 61 x 40 to shelter deck  
31 to upper deck.

Scantling Numbers: 18010 and 45480

Proportions: Length - 11.25 depths to upper deck.

-----

Plans of midship section, general arrangement and stem have been approved in the Kobe Office, and copies forwarded here for reference.

This vessel is similar to the same Builders' Yard No. 189, the plans for which were approved in June last, and as in that case the scantlings have been arranged so that the vessel may be entitled to the full draught as a complete superstructure ship in the event of the tonnage opening being closed.

The scantlings and arrangements shown on the copies of the plans have been examined generally, and appear to be in order.
