These trawlers have been purchased by the Admiralty, and are being converted for Naval service.

It is not the practice of the Admiralty to retain the classification of vessels taken over by them and, in these circumstances, the Classing Committee, who had the cases before them on Tuesday, the 13th instant, decided to give instructions for the character of each vessel to be withdrawn from the Society's Register Book and Three Dots (. . .) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
