Lloyd's Register of Shipping.

Port Kobe.

25th May 1940.

This is to Certify that I have

Donkey Boilers
Surveyed the Boiler and Machinery of the STEEL SINGLE SCREW
MOTORSHIP "OMUROSAN MARU",

9205 tons gross, of Kobe,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of 4 H.P. (G.S.) 5: 40.
D.B.S. 5, 40. and tail shaft (CL) seen 5,40 -----

be made in the Register Book in the case of this vessel.

(P.T.O.).

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
