REC'D 27 AUG 1906
ANSE

The Secretary,
London,

Sir,

In reply to your letter of the 23rd instant, respecting the testing of the deck in way of the casings, in order to complete the classification survey of the tug "Douglas 11" I beg to state that the deck was tested on the 17th instant and found to be seriously leaking. I have been in communication with the Owners who state they have referred the matter to the Shipbuilders and are awaiting their reply.

The report will be forwarded immediately on completion of the survey.

I am,

Sir,

Your obedient Servant,

Harry G. Farnar
