

# COPY.

15th August, 1906.

Gentlemen,

S. With reference to my letter of the 20th March last respecting the tug "DOUGLAS II", which was built by Messrs. Wm. Chalmers & Co. Lim., for the Humber Iron Works, and was towed to your port to have the engines and boilers fitted on board, I have to acquaint you that the Builders of this vessel have made application for the certificate of classification, and as no report on the completion of the Survey appears to have yet been received from you, I shall be glad if you will let me know in course of post how the matter stands.

I am, Gentlemen,

Your obedient Servant,

Secretary to the  
Classification Committee.

The Surveyors,

H U L L.
