E.C.

Dear Sir,

We are required to make a Valuation of the steamer
"SALENTO" in connection with an accident which occurred to the vessel in
March last.

The vessel is of about 3846 tons gross and 2262 tons nett
and built in 1903. She was at one time, classed 100 A.1. with your
Society and passed her No.2. Survey in 1923 and was, therefore, due for
her No.3. Special Survey in March last, the date of the accident.

It appears, however, from your Register Book that prior
to the accident the class of the vessel was not in force, but had been
withdrawn at the request of the Owners.

Can you advise us exactly when the class was withdrawn
and for what reason?

Yours faithfully,

C. W. KELLOCK & CO. LTD.

DIRECTOR.
