The survey of the screw shaft of this tug became due in June last.

In a letter, dated 29th ultimo, the Owners state that as the vessel is not likely to go to sea, they do not desire to maintain her classification in the Society's Register Book.

In the circumstances the Classing Committee, who had the case before them on Tuesday, 13th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
