The Registrar General of Shipping states today that in June last an application was made by the South Metropolitan Gas Company for the above name to be assigned to Messrs Harland & Wolff's Yard No. 734 G.

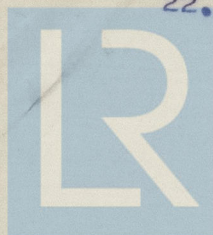

The Registration of this name, however, has never been completed and the South Metropolitan Gas Co have requested the Registrar General to cancel it, as delivery of the vessel was not accepted by them, and the name has been deleted from the bow & stern.

The Registrar General was further informed that the Builders are trying to sell the Tug, and the South Metropolitan Gas Co intend ordering another vessel which will be called "GEORGE LIVESEY".
