2nd February 1939.

Dear Mr. Dykes,

We have had considerable correspondence in connection with three Clarkson Boilers made by Abbott & Co. (Newark) Ltd. (under Nos. 584, 585 & 586), two of which were delivered to Messrs. Crichton-Vulcan A/B. for installation in their Yard Nos. 747 & 748, the m.s. "OKSYWIE" and m.s. "ROZEWIE" respectively, but we are still in doubt regarding the actual Numbers of the boilers fitted in these vessels.

We are anxious to have our records in order here and would appreciate it if you would be good enough, if and when these vessels come under your survey, to ascertain the marks stamped on the two boilers and drop me a line. Thanking you in anticipation,

With kind regards,

Yours faithfully,

J.C. Dykes, Esq.,

GDYNIA.
