Answered

This is to Certify that the *Humble Tube* Boiler

by *Abbott & Co (Newark) Ltd.*

of *The Clarkson Humble Tube Boiler Co. Ltd.* intended for *The British Admiralty.*

marked as below, has been surveyed during construction by the undersigned.

Material has been tested by the Surveyors to Lloyd's Register; the scantlings in accordance with the Society's Rules for a working pressure of *Three Atmospheres* ~~1~~ *tbs.*

~~per square inch~~, and the workmanship is good. The Boiler having been

in my presence on the *26th April* 1937, by hydraulic pressure *Three Atmospheres*

~~1~~ *tbs. per square inch*, showed no signs of weakness, and was

tight and sound in every respect at that pressure. Working pressure

exceed *Three Atmospheres* ~~tbs. per square inch~~.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be
understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy
of report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the
Society for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
