The Secretary,
LONDON.

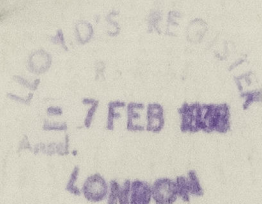

Dear Sir,

Owing to an error on my part in taking the heating surface given on the approved plan of the Donkey Boilers for the M.S. "KAIJO MARU", Yard No.279, Yokohama Report No.6235, as the heating surface for two boilers instead of one boiler, the heating surface given on the Report No.6235 and the survey fees given for the boilers are incorrect.

The total heating surface for the boilers is 436 M², instead of 218 M², and the fees should be £ 52-15-0 instead of £ 29-5-0, as shewn in the report and in the Transcript of Rough Fee Book for the week ending Friday 22nd October

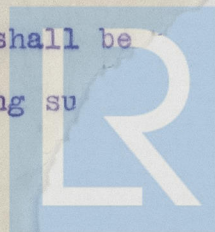

This error has been corrected in the debi sent to Messrs. Mitsubishi Yokohama Dock, and the been paid by them.

A correct copy of the Transcri Book is now enclosed and I shall be kindly have the total heating su

and the fee corrected to £ 52-15-0 on the Yokohama Report
