Electrical Installation
=====

Dear Sir,

With reference to Electrical Report sent you to-day, we would say that this report has been delayed because the electrical installation has not been properly finished until the vessel's present stay in port, although it was efficient for its purpose.

With regard to the fee which amounts to £58. 15/- the amount in Lire has not been entered on the report as the rate of exchange at which it should be calculated has not yet been decided, and we are in communication with Mr Turnbull on this point.

We shall write you a letter later advising you as to the amount in lire to be entered on the report.

We are, Dear Sir,

Yours faithfully

The Surveyors to Lloyd's Register

The Secretary,
London.
