Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

6th July 1925.

1 Enclosure.

Dear Sirs,

E.

I have to acquaint you that the Superintendent to the Owners of the steamer "BALTANNIC" ex "WESTLAND" states that the screw shaft of this vessel was drawn in at Rotterdam about ten days ago and examined and found in good order by the Bureau Veritas Surveyors and by a representative of Messrs. Flannery, Gregson & Co. for the new Owners, when the lower half of the stern bush was rewooded.

The Owners ask that this examination of the screw shaft may be accepted by the Committee and in confirmation of my cablegram to you to-day, as per copy enclosed, I have to acquaint you that this examination of the screw shaft will be accepted in this instance, provided the shaft be drawn in and examined within two years' time.

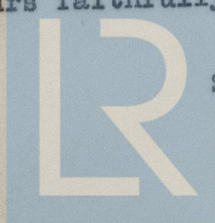

I have therefore to request that you will be guided accordingly.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,

ROTTERDAM

Secretary.
