ENCLOSURES

14th March, 1946.

Dear Sir,

F. I duly received your letter of the 11th instant respecting the "ROBINA", and in reply I have to say that Convention Freeboards have not previously been assigned to this vessel. In the circumstances the Surveyors should forward full particulars on Rpts C11 and C11(Comp), and they should state the height of the sill of the lowest sidescuttle above the top of the keel.

The original Rpt 11b and the plans of midship section, profile and decks are sent for the Surveyors' guidance.

It is noted the Owners desire a draught of 7' 0", and from the information at present available, it appears that this will be obtainable.

Yours faithfully,

The Secretary,  
LIVERPOOL.
