Dear Sirs,

I have to acquaint you that the Society's Surveyors at Hull report that to complete the Boiler Survey of the steamer "PANAGHIS VERGOTTIS", now named "STRAND", and entitle her to the record B.S. 12,25 the safety valves require to be adjusted under steam. It is stated that this will be done at Middlesbrough and as the vessel appears to have arrived in the Tees on the 17th instant your report is awaited in due course.

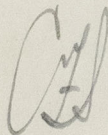

I am, Dear Sirs,

Yours faithfully,
