General:- Compania Arrendataria de Tabacos, of Barcelona.

These six vessels are all due for screwshaft survey, and in reply to the usual inquiry the Barcelona Surveyors now state that the Owners do not intend to maintain their classification in the Society's Register Book.

The cases received the consideration of the Classing Committee on Friday, the 16th instant, when it was decided to give instructions for the class of each vessel to be withdrawn from the Register Book, and three dots (...) inserted in lieu in each case, indicating withdrawal of class at Owners' request.
