Dear Sir,

S/S "SAPPORO MARU NO.8"

In reply to your letter of the 18th June last regarding the survey of the screw-shaft of the above steamer, I have to inform you that we have received no reply from the owners to our repeated enquiries regarding their arrangements for this inspection. I find, however, that the vessel has now been classed by the local Japanese Society and by the British Corporation and as the owners apparently do not intend to comply with the Society's requirements regarding the inspection of the screw-shaft it is submitted that the vessel's class should be expunged.

I am, dear Sir,

Yours faithfully,
