-----

This trawler became due for Annual Boiler Survey  
in June last, and the screw shaft required to be examined before  
the end of December last.

The Owners now state that in view of the age of  
the vessel they have decided not to maintain her classification  
in the Society's Register Book.

In the circumstances the Classing Committee, who  
had the case before them on Friday, 5th instant, decided to give  
instructions for the vessel's character to be withdrawn from the  
Register Book and three dots (...) inserted in lieu thereof,  
indicating withdrawal of class at Owners' request.

11th February, 1926.
