These vessels became due for Modified Survey of the Oil Engines in December last, but the Owners have now informed the Society's Surveyors at Barcelona that it is not their desire to maintain them in the Society's Classification.

In the circumstances the Classing Committee, who had the cases before them on Tuesday, 7th instant, decided to give instructions for the character of each vessel to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
