Dear Sir,

The S.S. "SEATTLE" is at present going through survey with a view to class, the vessel is short of one 60 ^{unit} cent anchor and the Owners can get one but it has been tested by the British Corporation for drop and tensile tests but by Lloyd's for statutory test, and they want to know if it will be approved by the Committee for the above vessel.

I am, Dear Sir,

Yours faithfully,

G. D. Cuthbert

The Secretary,

London.
