8th May, 1928.

Dear Sirs,

I beg to acknowledge the receipt of your letter of the 4th instant respecting the barge "A.M.P. 41" and note that this vessel is stationed and working at Iquique, and that you are requesting your Office there to arrange for the Donkey Boiler Survey to be carried out.

I may say that as the Society has no Surveyor stationed in the vicinity of Iquique, the Committee have decided to ask Lloyd's Agents at that port to appoint a competent and independent Surveyor to hold the requisite inspection, upon their receiving a request from your Representatives to do so.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
