ENCLOSURES.

8th May, 1928.

Dear Sirs,

H.

I beg to acquaint you that the Committee of this Society have had before them a letter received from the Owners of the barge "A.M.P. 41" in which they state that this vessel is stationed and working at Iquique, and that ^{are} they requesting their Office at that port to arrange for the Donkey Boiler Survey to be carried out.

In view of the fact that the Society has no Surveyor stationed in the vicinity of Iquique, the Committee have decided to ask you to be so good as to appoint a competent and independent Surveyor to hold this inspection on behalf of this Society upon your receiving a request from the Owners or their Representatives to do so.

For the information of the Surveyor, I enclose herewith the necessary instructions for carrying out the survey in question together with a form for reporting the same, which should be returned to this Office in due course, and I may say that all fees and expenses in connexion with the matter must be paid by the Owners or their Representatives and should accordingly be charged by you to them.
