Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

30th June, 1920.

Dear Sirs,

I have to inform you that the Ferro-Concrete Single Screw Steam Tug "CRETEBLOCK", Mr. John ver Mehr's No. C.T.35, has proceeded to your port and in order to complete the survey for classification, the engine room skylight and boiler room fidley casings require to be fitted, the decks to be tested after the fittings are in place, pumping arrangements to be completed and the windlass and steering gear to be tried.

I shall therefore be glad if you will be so good as to give the case the necessary attention, and on completion of the work to your satisfaction, to forward a report on Form No.8 with a view to the classification of the vessel.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,

SUNDERLAND.

Secretary.
