Dear Sirs,

I have for acknowledgment your cablegram of the 6th ultimo from which it is noted that the steamer "PING WO" is at present under your survey for reclassification and is being opened up as for Special Survey although repairs consequent hereon are being limited to those essential for twelve months' trading.

Your action is concurred in and I am arranging for a record of "Reclassification Contemplated" to be inserted in the Register Book pending the receipt of your reports on completion of survey.

Yours faithfully,
