23rd July, 1931.

Dear Sirs,

I have to acquaint you that the Society's Surveyors at Hong Kong report that the following auxiliary engines have been fitted into the Motorship "MANAPLA", Messrs. The Hong Kong & Whampoa Dock Co's Yard No. 691, viz:-

One 5 BHP "Skandia" Diesel Engine Type 21, No. 18000, driving a 2.5 K.W. Generator.

One 5 BHP "Skandia" Diesel Engine Type 21, No. 18005, driving a rotary general service pump and small priming pump,

and I shall be glad to receive copies of your reports on these engines for filing with the Hong Kong report.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

GOTHENBURG.
