The Secretary,  
LONDON.

Dear Sir,

With reference to your letter of the 23rd inst. respecting the "Skandia" diesel auxiliary engines Nos. 18000 and 18005 fitted into the Motorship "MANAPLA", Messrs. The Hong Kong & Whampoa Dock Co's Yard No. 691, I have pleasure in enclosing herewith a copy of our certificate issued for the engine No. 18000, a copy of which was forwarded you on the 14th of March last.

With regard to the engine No. 18005, I beg to state that this was not ordered to have the Society's certificate and has therefore not been submitted to our inspection. The Makers state, however, that this engine is an exact duplicate of No. 18000.

I am, Dear Sir,

Yours faithfully,
