Collingwood Buildings, Newcastle-on-Tyne, I.

3rd July, 1945.

The Secretary,

WOKINGHAM.

Dear Sir,

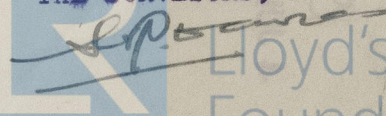

Steam trawler "BEN BREAC".

In reply to your letter of the 28th ultimo, we beg to state we are now informed by Messrs. Richard Irvin & Sons Ltd., that they desire the classification to be maintained in the Society's Register Book and will arrange for the Surveys to be carried out in conjunction with the "Off-Survey" and reconditioning. They state that the vessel has been sent to Great Yarmouth where the matter will be dealt with if they are unsuccessful in their present efforts to have her transferred to another Port.

Messrs. Irvin would be obliged if you would give the necessary instructions to the Society's Surveyors dealing with the Great Yarmouth district.

We are, Dear Sir,
Yours faithfully,
THE SURVEYORS,
