13th June, 1921.

Dear Sir,

With reference to Liverpool Report No. 82181 on the Steamer "ST. ANDREWS" ex "SOFIA", I shall be obliged if you will kindly ascertain from the Surveyors and let me know whether efficient steering gear was fitted, and, in view of their reporting no water ballast in the tank under the boilers, whether non-return valves are fitted in the suction pipes to this compartment.

I shall also be glad to learn whether six bulkheads are fitted in the case of this vessel.

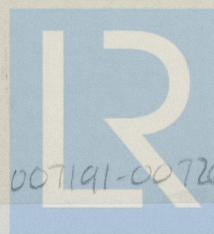

I am, Dear Sir,

Yours faithfully,

Assistant to the Secretary.

The Secretary,

LIVERPOOL.
