The Survey of the screw shaft became due in February last.

OWNERS: Grimsby Seine Fishing Company, Limited.
(S. Franklin, Manager)

In a letter, dated 10th ultimo, the Owners state
they cannot see that they will derive any great advantage in
maintaining the classification of these vessels in the Society's
Register Book.

In the circumstances the Classing Committee, who
had the cases before them on Friday, 1st instant, decided to give
instructions for the character of each vessel to be withdrawn
from the Register Book and three dots (...) inserted in lieu
thereof, indicating withdrawal of class at Owners' request.

7th June, 1923.
