REC'D 19 MAY 1921

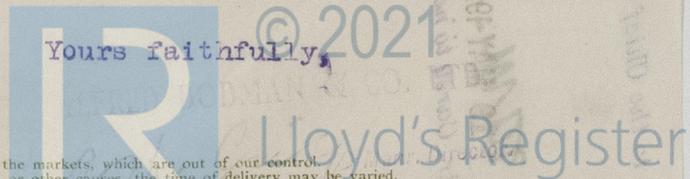

NSD

Dear Sirs,

Thanks for yours of the 17th instant, and consider there is some mistake in the account which has delayed a settlement, and in the case of the "Melody" there is an error of £4. 10. 0., and also an error in the "Morn" of £4. 10. 0., because in neither cases did we do the installation, this was done by Messrs. Pertwee & Back of Lowestoft, our responsibility ended when we delivered on Rails Lynn, so that if you will send us credit for £9. 0. 0. we will remit you cheque in full for all the accounts, meanwhile we may say we have no objection to the machinery certificates being sent forward to Leith and Aberdeen as suggested in your Postscript.

On receipt of your reply the matter shall have every attention.

Yours faithfully,

The above is offered subject to early reply, also subject to fluctuations in the markets, which are out of our control. During Stoppage of Work, Strikes, Accidents to Machinery or Buildings, or other causes, the time of delivery may be varied. All Drawings, Photographs, or Designs, are not necessarily binding in details, and must be regarded as approximate representations only. The work we supply is of the Best Material and Workmanship, but should the same be not satisfactory through any defect, and we consider we are at fault the same will be renewed, but we do not hold ourselves responsible for damages or loss of any kind our Customers may sustain. This applies to work supplied in the British Isles. Goods ordered for shipment abroad should be inspected at these works before leaving; also packing cases and mode of packing approved, as no claim for loss or damage can be entertained after leaving these Works or F.O.B. English Ports when so quoted.
