The Owners have informed the Society's Surveyors at Kobe that as these vessels are to be employed in future solely in the Coastal Trade, it is not their intention to maintain them in the Society's Classification.

In the circumstances the Classing Committee, who had the cases before them on Friday, 21st instant, decided to give instructions for the character of each vessel to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
