-----

The First Special Survey No.2 on this Japanese Tanker became due in May, 1939, and was partly held at Yokohama the following month.

In reply to enquiry as regards its completion, the Kobe Surveyors have forwarded a translation of a letter from the Owners stating that "owing to our own circumstances" they no longer desire to maintain the classification of this vessel in the Register Book.

In the circumstances the Classing Committee, who had the case before them on Tuesday, the 3rd instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (. . .) inserted in lieu thereof, indicating withdrawal of class<sup>9,40</sup> at Owners' request.

5th September, 1940.
