MONTREAL

Feb 13th

1920

The Secretary
London.

Dear Sir,

Before issuing the enclosed classification certificate of the S. Canadian Settler, may I enquire whether the class "for a period of more than fifteen years" is correct. and also whether the class should be subject to the rule length of chain cable being placed on board. (at present only the war time allowance is on board).

Yours faithfully

Wm. R. M. Aspinall

Referred to the Chief Ship Surveyor.

2, Submarine Cable

TAM.

20 FEB 1920

for Mr. W. J. W. W.
to read

The Surveyor should be informed that the certificate of class has been endorsed "for a period of more than 15 years" as is usual with vessels built in Canada. The Surveyor should also be informed that in the case of vessels supplied with the War Emergency length of Chain Cable, it has not been the practice to classify them subject to the rules length of cable being supplied.
