QUESTION.

ANSWER.

With reference to the Classing letter addressed to you on the 5th February last, I shall be glad to learn by return mail how this case stands as regards the Special Survey No. 3.

At the same time I shall be glad to learn what arrangements the owners propose making for the screw shaft to be renewed, the thrust adjusting rings to be renewed and the bottom ends remetalled, as recommended in your report No. 9540.

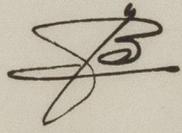

You will also be so good as to let me know the Owners' intentions in regard to the carrying out of the boiler Survey, which is now due.
