26th August 1907.

Sir,

I have to acknowledge the receipt of your telegram of the 24th instant, as follows, viz:-

"Wire position freeboard disc MOGADOR",  
and with regard thereto I have to inform you that freeboards have not been assigned to this vessel by the Committee, and no freeboard report or particulars for computing the freeboard have been received.

If the Owners desire the Committee to make an assignment, it will be necessary for you to measure the vessel, and report all the measurements required on a report form 11b, viz:- length on load line, moulded depth, sheer at each end and one-eighth length from each end, round of beam, and lengths and heights of deck erections. You should also report full particulars as to the character of the deck erections, size and construction of hatchways, &c., all as detailed on the new 11 b form. A supply of these forms is being sent you today under separate cover.

You will be so good as to obtain the usual signed request form, and forward the same with your report.

In the circumstances I have wired you today, as follows, viz;-

"Freeboard MOGADOR not assigned by Committee  
"Eguelles =(Am replying by letter)".

I am, Sir,

Your obedient Servant,

Secretary.

William West, Esq.,

CADIZ.
