Survey Due Boiler Survey due August, 1932.

A proposal to carry out the above survey on the vessel's arrival at Dunkirk about the 28th October was agreed to in September last.

The Dunkirk Surveyor now writes that he had arranged with the Owners to commence the Boiler Survey last week but subsequently the Owners desired to postpone the inspection until further notice in view of the fact that the vessel is not due to sail from Dunkirk until the early days of January next.
