MR. VERNON HOLLAND

Dear Sir,

Reference is made to your letter of the 27th inst. in relation to the proposed alteration of the hull of the vessel "The ...". The proposed alteration is to increase the height of the hull above the waterline. This is a matter which is governed by the rules of the Board of Trade. It is necessary to consider the stability of the vessel and the effect of the proposed alteration on the freeboard. It is suggested that you should consult the Chief Ship Surveyor for further information.

Yours faithfully,

W. H. ...
