reference

Sir.

With reference to the first entry report (Liv No. 69371) on the S.S. "DOON" forwarded to-day the Builders request that the certificates be handed to the Royal Mail Steam Packet Co Ltd. They state that the representative of that company will call at our London office on Monday next and will be greatly obliged if the documents could be then delivered. I understand that they are thus urgently required on account of the vessel being unable to commence work at Buenos Ayres until the arrival of these papers.

I am, Sir.

Your obedient Servant.

A. Scott Esq.,
