

17th March, 1949.

Dear Sir,

S.

With reference to the Dredger "ST.DAVID W.16" and the Barge "C.606", I have to inform you that the Committee have recently had the cases of these vessels before them, and in view of the fact that no request for Periodical Surveys has been made in either case since construction, they have given instructions for all particulars to be omitted from the forthcoming reprint of the Society's Register Book in each case.

Yours faithfully,

Clerk to the  
Classification Committee.

The Secretary of the Admiralty,  
The Admiralty,  
BATH.

Lloyd's Register  
Foundation
