21st January, 1922.

The Secretary,  
Lloyd's Register of Shipping,  
71, Fenchurch Street,  
LONDON, E.C.3

Dear Sir,

Ref. "S".

Replying to your letter of January 17th,

the auxiliary pumps for "Indorita" and "Eldorita", you will recollect that petrol pumps were supplied originally for this purpose, but these you could not sanction. We have made enquiries about other

types, but so far have been unable to hit upon anything that would be satisfactory, under a cost of two or three hundred pounds per boat.

Prices are falling steadily, and in nine to <sup>twelve</sup> months' time we feel that good pumps could be bought for less than half the present cost. Candidly, our Board cannot sanction this expenditure at the present, owing to the prolonged spell of bad trade, and consequent tight financial position.

We should esteem it a great favour if you could see your way to allow these two ships to run under your class for a period say 12 months, at the end of which period we will reconsider the whole question, when no doubt prices will be more reasonable, and our financial position more comfortable.

Yours faithfully,  
For JOHN SUMMERS & SONS, Limited,

*John Summers*  
Director.
