Messrs Lloyd's Register of Shipping,
201 Tower Building,
LIVERPOOL.

Dear Sirs,

Replying to your letter of September 6th, re
"INDORITA", we cannot see our way at present to fit an
auxiliary Pump on this vessel, or on the "Eldorita", and
we shall be obliged if you will hold up the matter of class-
fication of machinery for the moment.

No doubt when times are more normal, and we can
see a prospect of maintaining these two vessels in continuous
service, we will reconsider the matter.

Yours faithfully,
For JOHN SUMMERS & SONS, Limited.

Goffrey Summers
