Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

21st January, 1921.

Dear Sir,

I duly received your letter of the 15th instant enclosing one from Mr. Barrett and Mr. Murray regarding the Motor Ship "INDORITA", recently completed at Queensferry near Chester, by Messrs. L. J. Abdela Mitchell & Co. Ltd., and in reply I have to point out that in order to make the forecastle deck beams equivalent to the Rule requirements, a 3 x 3 x .30 reversed angle should be fitted to every beam.

The plan of strengthening of the fore end, forwarded in your letter, can be approved, but I shall be glad if you will obtain from the Surveyors and transmit to me a plan showing the strengthening of the bottom forward of the 6/5th length of the vessel.

I am, Dear Sir,

Yours faithfully,

The Secretary,  
LIVERPOOL.
