Dear Sir,

H.

I am in receipt of your letter of the 10th instant respecting the steamer "LYNGAS" and with regard thereto have to inform you that in the circumstances the Committee are agreeable to the Owners' proposal to postpone the alterations to the oil fuel burning installation and the permanent repairs to keel plate No.3 from aft and shell plates B4 and 5 (p.s.) until the end of March next. I shall be glad if you will inform the Owners accordingly.

I think it well to point out that the screwshaft requires to be examined by the end of next month and may say that it is concluded that this matter will also receive attention at the end of March.

Yours faithfully,

A. Eide, Esq.,

BERGEN.
