The Secretary,
Lloyd's Register of Shipping,
London.

Dear Sir,

S/S "Don Luis"

In reply to your classing letter of 26th May last on "Don Luis", Valparaiso Report No.2604, addressed to Mr. Rowcliffe, I can only reply that, as you already know, the No.3 double bottom tank is reported as having been tested and found satisfactory. Presumably acceptance of this test is queried in view of the Surveyor's recommended repairs to the Starboard side tank being outstanding.

As Mr. Rowcliffe is due in London towards the end of June, no doubt you will approach him directly on this point.

I remain, dear Sir,

Yours faithfully,

Anthony
