Dear Sir,

S/S "Don Luis"

D *Opined*

In reply to your letter of the 1st May, 1950, with regard to the special survey of the S/S "Don Luis", I have to inform you that, due to the repairs not having yet been completed on their S/S "Don Benjamin Squella", the former vessel has not yet been stopped. (See Valparaíso letters of 3rd October, 1949 and 5th November, 1949).

Due to the long time it is taking to carry out the boiler repairs, it is not expected that the S/S "Don Benjamin Squella" will be in service before the end of June, and it is recommended for the consideration of the Committee that the S/S "Don Luis" remain in class until that date.
