

15 JUL 1935

011 (d)

Lloyd's Register of Shipping.

INTERNATIONAL CONVENTION 1930 RESPECTING
LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH
ART. 14 OF THE CONVENTION.

(Port) Kobe.

(Date) 24th June, 1935.

I have to report that I have surveyed the Steel
(Chinese).

/s "SHAN-HO" of Tsingtao O.N. --
Ex "CAPE VERDE" of Glasgow.

this date.

I have compared the arrangements on board the ship with
requirements of the Convention
~~existing on the original certificate of survey~~ and I have found them to be
reasonably
agreement therewith or equivalent thereto, and the whole to be in efficient
dition.

The vessel has been examined in dry dock at this time
and the whole of the requirements for the 2nd Special Survey No.1
have been carried out.

The hatchways, coamings, hatches, wire lashings,
trussing and fittings have been specially examined and found
efficient.

The freeboard marking has been verified and found to agree
with the freeboards given on certificate No. 5212 dated 20th September 1933
will be returned when the fresh Certificate is issued to
the owners. (See letter attached).

Y. J. O.
Surveyor to Lloyd's Register.

Fee £100:00

Is fee paid Yes.
